Matilda® 23

FOR THE GOOD TIMES.....

As a lifestyle or just an escape from it all, the MATILDA 23 is the boat that has everything you would want to enjoy your way of life.

Sometimes you want to cruise. Sometimes you just want to relax. Either way the MATILDA 23 offers you leisurely cruising comforts. She's kind and responsive under sail and her roomy interior with generous use of rich-oiled teak throughout makes extended cruises much more enjoyable.

Designed and built by the sure-fire combination of Brewer-Wallstrom and OUYANG, the MATILDA 23 is a true family yacht — at a reasonable price.

There's the six feet of standing headroom in the cabin and an 8'3" beam for plenty of breathing room below decks. Two large vee-berths, starboard quarter berth aft, and a settee berth that converts to a double provides sleeping space for five people. The standard MATILDA 23 also comes equipped with spacious galley with formica counter-top, insulated ice-box, sink, water pump, dish racks, storage bin, hanging locker, a fully enclosed head with vanity, sink, and a large teak framed mirror.

And when it comes to performance, Brewer delivers with the MATILDA 23. "She's fast, stable and high spirited", owners say. And Ted Brewer has a reputation for his designs of fast cruising yachts. Talk to an owner.

More than one novice buyer has had the name OUYANG recommended for their first yacht and seasoned sailors know that when it comes to quality, OUYANG BOAT WORKS comes through. The MATILDA 23 is a well-balanced boat built by OUYANG, craftsmen known for their excellence in custom boat building.

MATILDA 23 - a response to your needs.
